

Endocrine & Diabetes Center

Ali M. Safa, MD, FACP, FACE, ECNU & Associates

PATIENT ACKNOWLEDGEMENT

I wish to enroll in the comprehensive weight management program at the Endocrine & Diabetes Center. Endocrine & Diabetes Center will bill my health plan for my Initial evaluation, follow-up visits and electrocardiograph if needed. The laboratory services may be obtained at any branch of Quest Laboratory (including this office), as well as well as LabCorp. The laboratory will directly bill my health plan. *

I understand that nutritional coaching and body mass analysis is an integral part of my weight management and is not covered by my health plan, but I may use my health saving account.

Obesity management non-covered services include:

Body mass analysis and its follow-ups
Nutritional evaluation and coaching.

I understand that I will pay for the above non-covered services and will not be able to obtain reimbursement for any non-covered services from my health plan.
